Diamond Publisher

Diamond Publisher offers carriers a fully integrated and flexible printing solution designed to integrate with any policy administration system.

With Diamond Publisher, carriers can:

- Utilize full printing/PDF publishing capabilities utilizing Microsoft Word documents.
- Take advantage of advanced sorting capabilities including directing output to print in any desired location/tray or order.
- Integrate with third party imaging systems and other software programs requiring a flat file for importing.
- Make immediate changes with easy configurability.
- Extend full printing/pdf capabilities to your agents - efficiently and accurately.

Carrier benefits include:

- Simple and easy maintenance using Microsoft Word.
- No need to purchase additional printers as Publisher works with any printer that runs in a Windows environment.
- Improve efficiency by allowing multiple printers in multiple locations to print documents designated by your administrator.
- Open to all files types that are XML based.
- Consolidate your print functions by extending Publisher to non-insurance based platforms.
